[www.myspace.com/mfteru](http://www.myspace.com/mfteru) et [www.myspace.com/supafuh](http://www.myspace.com/supafuh)

We open this World Music session with a duo and not the least: the beatmakers tErU and Supafuh. Our two Hip Hop warriors have taken out their weapons, sharp snares and mystic melodies... Ready for attack!!

**2/ MatrixBeatz** - Space india (Paris/France)

During the journey we made making this World music series we crossed Fabien's path. He gave us Space India... Right at the crossing of worlds and time.

**3/ Chief** - Breakfast in Tokyo (Suisse)

[www.myspace.com/chiefbeatmaker](http://www.myspace.com/chiefbeatmaker)

Each Static series has its share of heavyweights. For the 1.2 it's Chief who honours us with his contribution to make the movement grow. Besides, he invites us for a Breakfast in Tokyo ... Dope, thanks Chief!!

**4/ Crackazat** - Oh pagode (Bristol/England)

[www.myspace.com/crackazatmusic](http://www.myspace.com/crackazatmusic)

What's World Music when put through a compressor and bombarded with electrostatic waves? :

- "Oh pagode" by Mr Crackzata.

**5/ Nicky Lars** - Afreaka(bil) (Paris/France)

[www.myspace.com/nickylars](http://www.myspace.com/nickylars)

Let's start the Mcs/Producers ball with the return of one of our founding members: Nicky Lars is definitely as gifted on the mic as he is on the MPC.

**6/ 5kiem** - Beats make fallin asleep (Paris/France)

[www.myspace.com/5kiemsteus](http://www.myspace.com/5kiemsteus)

O5kiem A.K.A Le Professeur for the Static' people gives us a lesson once more. Classy and ARTy... Thanks Boss!!

**7/ Madden** - From B to I (Paris/France)

[www.myspace.com/maddenbeat](http://www.myspace.com/maddenbeat)

After the professor, let us introduce you to Static' the Movement's little brother: Madden. Keep an eye on him.

**8/ Jr EakEe** - Ngoni Guitar Ouatson (Paris/France)

[www.myspace.com/jreakee](http://www.myspace.com/jreakee)

Heavyweight sound again and again, Jr EakEe simply never stops... Imagine the streets of New York at the heart of Dakar. That's where his "Ngoni Guitar Ouatson" brings us.

**9/ Spon** - Go!!! (Florida/USA)

[www.myspace.com/spon813](http://www.myspace.com/spon813)

His " Get Live, Get Up" in which he mcs is a big hit but it's a beat that he comes to Static'. Spon officially enters the movement. Welcome my Fam !!!

**10/ Moar** - Ya head (Paris/France)

[www.myspace.com/moarmusic](http://www.myspace.com/moarmusic)

A master-stroke ! For his first appearance on Static' Moar brings us a unique piece and a journey to the West Indies. Yeah Man!

**11/ AK the Urbanist** - Griots of rythm (Paris/France)

[www.myspace.com/aktheurbanist](http://www.myspace.com/aktheurbanist)

It feels good to be told the rythm as if it were a story, and for the record this one is told by AK the Ubanist. We're under the spell.

**12/ Young Raven** - Medina (Washington/USA)

[www.myspace.com/youngraven](http://www.myspace.com/youngraven)

Wouuuu !! This Young Raven doesn't do things halfway: he gives us a one-way ticket to the East in only 3m49.

**13 / Spacis'm (Tismé & Caps) - Samboss** (Paris/France)

[www.myspace.com/tismeofficiel](http://www.myspace.com/tismeofficiel) et [www.myspace.com/instruscaps](http://www.myspace.com/instruscaps)

Another duo: Tismé & Caps get together for a tormented sample track. With Samboss the sun of Copacabana gets dark.

**14/ Milesfender** - Miles of the Wolrd (Paris/France)

[www.myspace.com/soulmilesfender](http://www.myspace.com/soulmilesfender)

When Milesfender makes World Music he assembles all the musics in the world on one track. Let's go !!

**15/ Greg 7e ciel** - En la onda (Paris/France)

For the second time Greg 7e ciel drives us into his universe and it's right in the vibe.

**16/ Doctor Von Fool** - Neo AOF (Paris/France)

[www.myspace.com/drvonfool](http://www.myspace.com/drvonfool)

DR is definitely a unique Beatmaker. Whatever the theme he imposes his touch.

## How to get involved in the Static' series

You are a **beatmaker**? You want to join the movement? You just need to send us a maximum of a 3-minute beat swaying between hip hop and electro and with a lot from your personal universe, while respecting the theme of the volume.

The theme of the next volume is: **1980'**

Send it to [staticthemovement@staticthemovement.com](mailto:staticthemovement@staticthemovement.com) before 07/09/09 in Mp3 format.

### Graphic designers:

We are inviting the photoshop enthusiasts to express themselves on the next cover of the Static' series by illustrating the theme 1980' as best as they can: it is the general idea that our beatmakers will have to incorporate into their productions for the volume 1.3 (It is imperative for you to add our logo to your work).

- Make a download kit of the logo.
- Make a Graphic Design page.

The visuals must be emailed to [staticthemovement@staticthemovement.com](mailto:staticthemovement@staticthemovement.com) before 07/09/09. The 5 best visuals will be displayed on the Static's Graphic Design page with a direct link to your site.
